Installation

Marine-installation suitability — a crane-vessel pamphlet with lift envelopes, splash-zone operability and weather windows, a provenance-audited installation fleet database with confidence-weighted suitability ranking, and a DNV 2.7-1 offshore-container screen.

WHAT YOU GET

- Crane lift suitability against the vessel's load chart
- Operational and per-structure splash-zone Hs/Tp envelopes
- Confidence-weighted vessel suitability ranking over the installation fleet
- DNV 2.7-1 (DNVGL-ST-E271) offshore-container utilization screen
